

## EXERCISE 1B

### WINDOWS FUNDAMENTALS 2

#### AIM:

To explore advanced Windows functionalities, including System Configuration, User Account Control (UAC) settings, Resource Monitoring, and the Windows Registry, to enhance system management and troubleshooting skills.

The screenshot displays the 'Windows Fundamentals 2' training module interface. At the top, a breadcrumb trail shows 'Pre Security > Windows Fundamentals > Windows Fundamentals 2'. The main title 'Windows Fundamentals 2' is accompanied by a description: 'In part 2 of the Windows Fundamentals module, discover more about System Configuration, UAC Settings, Resource Monitoring, the Windows Registry and more...'. Below this, there are icons for 'Info' and '30 min'. A row of interactive buttons includes 'Share your achievement', 'Start AttackBox', 'Help', 'Save Room', a like count of '4427', and 'Options'. A green progress bar at the bottom of the header indicates 'Room completed (100%)'. Below the header, a list of tasks is shown, each with a green checkmark icon and a dropdown arrow:

- Task 1 Introduction
- Task 2 System Configuration
- Task 3 Change UAC Settings
- Task 4 Computer Management
- Task 5 System Information
- Task 6 Resource Monitor
- Task 7 Command Prompt
- Task 8 Registry Editor
- Task 9 Conclusion

#### RESULT:

Successfully gained knowledge of System Configuration, adjusted UAC settings, monitored system resources, and understood the structure and importance of the Windows Registry.
